

October 6<sup>th</sup>, 2021

Dr. Marcos Algara-Siller  
Director of the Environmental Agenda UASLP  
Present

Dr. Algara-Siller,

First of all, I send you greetings and I write to you to inform you about the data you have requested from my office regarding the compilation of the criteria for the GreenMetric international ranking, this document serves as proof.

We report the following criteria:

1. The energy consumption of the University in 2020 measured by electricity bills for the year indicate is: 9,856,346 kWh, information provided by email [miguel.anaya@uaslp.mx](mailto:miguel.anaya@uaslp.mx) on August, 2021.
2. The water consumption of the University in 2020 measured by water bills which was helpful for the analysis and impact of the water treatment plants our university.
3. The % of maintenance activities from January to March 2020 is 100%, April to May 2020 is 35%, June 2020 45% and from July to December 2020 65%.

I hope this information will be useful in positioning the sustainability efforts of our Autonomous University of San Luis Potosí.

I thank the counsel and availability showed in this matter.

Without further ado I thank your kind attention,

Yours sincerely,
