Additional evidence

[5] Transport (TR)

[5.15] Number of initiatives to decrease private vehicles on campus (TR.7)

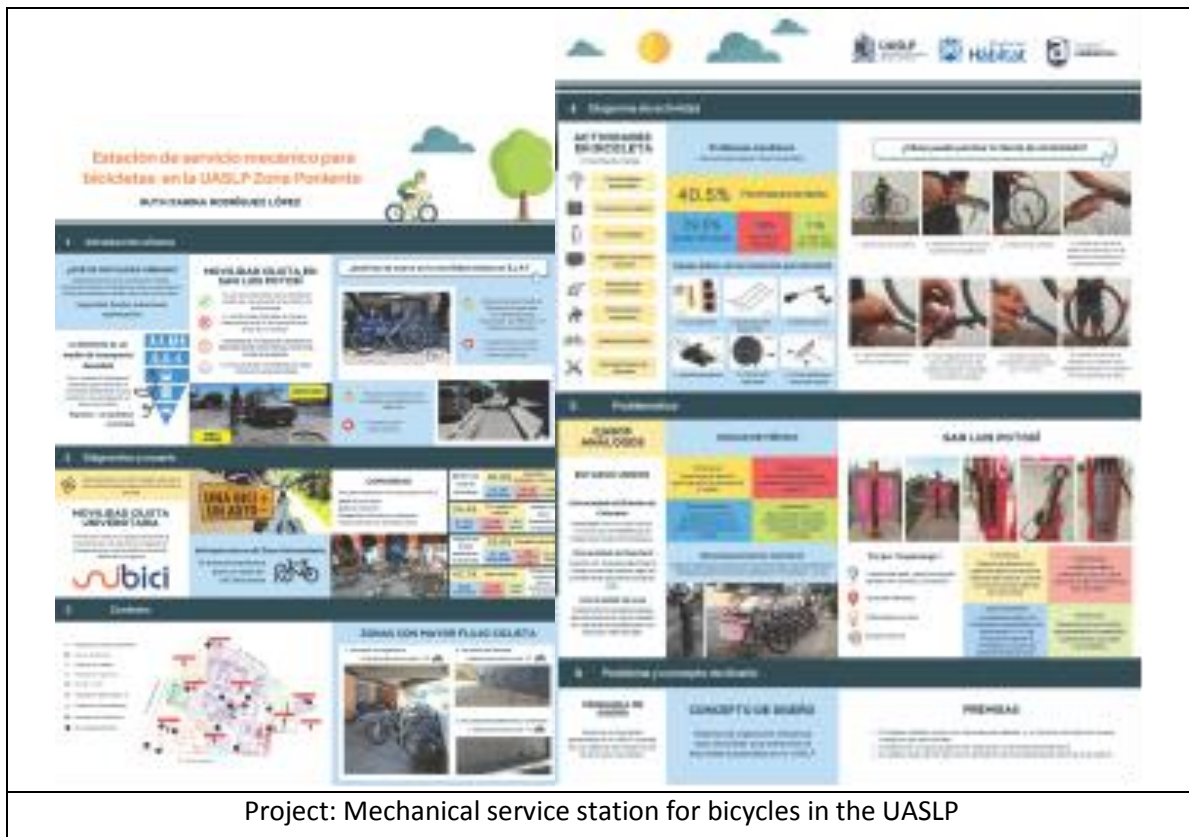

Events both academic and recreational are taken place to promote sustainable urban mobility.

"Yo por mi ciudad" Project general flyer and photos

Project "Misión Cero" training photos

There are many and diverse programs that complement and act directly towards decreasing private vehicles, like:

-“Yo Por Mi Ciudad” a project which collected data about the city's urban infrastructure putting to use social participation, use of technology and recreational walking and cycling.

-Training and actions as agents of the strategy “Mision Cero” which works on achieving zero traffic fatality by using tactic urbanism, training and policy making.

<http://estrategiamisioncero.mx/>

-Project: Mechanical service station for bicycles in the UASLP improves security conditions for university cyclists by offering tools, space and advice to fix your bike encouraging cyclist to maintain their habit and non-cyclist to feel supported.
